ENCLOSURES (NO. &amp; TYPE)

REMARKS

50X1-HUM

1. The following flying activity was observed in the CHLB (N 51/P 37) area between noon and 4:30 p.m. on 13 September 1949:

a. Noon: A single-engine high-wing monoplane landed at the CHLB-HOR.SCHOEN airfield.

b. 12:45 p.m.: A westbound single-engine high-wing monoplane took off from the airfield.

c. 1:45 p.m.: A north-east bound twin-engine high-wing monoplane coming from the southwest flew over HAZENREUTH (N 51/P 36) at an altitude of 2,500 feet and at a speed of 250 MPH.

50X1-HUM

d. 3 p.m.: A four-engine mid-wing monoplane flew over KAISERWALD (not entered on available maps; inquiries are under way) at an altitude of 2,000 feet and at a speed of 250 MPH. The plane came from the southwest, changed its course over KAISERWALD and proceeded in a southwestern direction \*\*.

50X1-HUM

Comment:

50X1-HUM

a. The occupation of the CHLB-HOR.SCHOEN apparently did not change since the previous day.

- \* b. the plane is an aircraft of the Czechoslovakian CSA Air Lines.
